

### [Casting Info]

Looking for two actors ( 1 female / 1 male ) to play leading roles in an original play. A reading of the play in character is part of the audition.

The two leading roles require strong stage presence and ability to exhibit a wide range of emotions. Prior dramatic stage experiences would be helpful.

It would be a plus, if you can do the part in British Accent. However, this is not a requirement. Please submit the requested information.

Thanking you in Advance;
